

In April of 2018, a non-biased and anonymous survey of five questions was given to each 6th – 8th grade student prior to obtaining non-identifiable anthropometric measurements. Below are the questions asked and the outcomes:

Do you have a cell phone?

- ***6th Grade – 45 Yes / 16 No***
- ***7th Grade – 47 Yes / 11 No***
- ***8th Grade – 54 Yes / 7 No***

What is the most common thing you do on a cell phone?

NOTE: These answers were given by the students and not prompted by choice.
